RECEIVED

AMENDMENT UNDER 37 C.F.R. §1.111

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

In reply to the October 25, 2002 Office Action, the period for reply being extended by the attached Petition for Extension of Time, please amend the above-identified application as follows:

IN THE DRAWINGS:

Please amend Figure 8 as set forth in the attached Request for Approval of Drawing Corrections.

IN THE SPECIFICATION:

Page 2, lines 5-17, delete current paragraph and insert therefor:

B
In order to achieve the above object, a light source according to an aspect of the present invention is used for a projector for modulating a light irradiated from a source lamp to form an optical image in accordance with image information and enlarging and projecting the optical image, the light source including: a source lamp; a reflector for aligning and emitting the light irradiated from the source lamp; and a case for accommodating the source lamp and the reflector, where a light-emitting surface of the reflector is covered by a light-
